Project: **Drug discovery from marine microalgae**

How did you learn about this Programme?

Highest degree earned (indicate the degree in the original language do not translate)

Highest degree University

Duration dates (from - to)

Date (indicate if expected)

Grade (if known)

Major topic

Additional degree(s) (if applicable)(indicate the degree in the original language do not translate)

Additional degree University

Duration dates (from - to)

Date (indicate if expected)

Grade (if known)

Major topic

Please indicate here if your education has been interrupted, or if you have obtained additional degrees since the MSc degree or equivalent.

Please, provide:

- 1) scanned copies of the official certificate(s) of completion of the degree(s) with examinations passed and grades;**
- 2) a CV (European format).**

RESEARCH EXPERIENCE

Please, describe the research activities in which you have been involved so far. Highlight your own contribution in terms of practical and intellectual work.

Do not exceed one page.

List publications, if applicable.

PROJECT: **Drug discovery from marine microalgae**

Write a short report including the following:

- a general introduction about the topic
- identification and presentation of the scientific questions
- strategies and, methodologies, that you propose to use to answer the questions
- what you expect your personal contribution would be

The report must not be longer than one page.

IMPORTANT NOTE: You must elaborate and propose your own ideas about the project, therefore please avoid to copy and paste text from the project proposal.

EXPECTATIONS

Please indicate your expectations from a PhD program and why you consider to be eligible for this Program (max 5 lines).

REFERENCES

Please list below the names and addresses of the two referees to whom you have forwarded the enclosed form and who have agreed to write a letter of recommendation on your behalf. Please, indicate their professional address, e-mail and phone numbers.
